

BookMyNail — Content Plan & Component Layout

Ahmedabad's home-service nail studio — content strategy v1

Positioning: specialist (not a generalist parlour), hygiene-proven, hyper-local, transparent pricing. Every section below is built to counter what directory-listed competitors (JustDial/IndiaMART/YesMadam-style) *can't* show: real process proof, real pricing, real specialization.

1. Header (sticky, all pages)

Component: Logo left · nav center (Services / Portfolio / Reviews / FAQ) · WhatsApp CTA button right, always visible on scroll.

- Logo: BookMyNail
 - CTA button copy: **Book on WhatsApp**
-

2. Hero Section

Component layout: Full-bleed video/image background (artist mid-session) · text block left-aligned or centered · two CTAs · trust micro-line under CTAs.

- **Kicker (small, above headline):** Ahmedabad's home-service nail studio
 - **Headline:** Luxury nails, at your door.
 - **Subheadline:** Certified nail artists arrive at your home with sanitised tools and premium gel systems. No travel, no waiting room — just the studio, brought to your table.
 - **Primary CTA:** Book an appointment → (opens WhatsApp)
 - **Secondary CTA:** See our work → (scrolls to Portfolio)
 - **Micro-trust line under CTAs:** Serving all of Ahmedabad · Same-day slots available
-

3. Trust Strip (NEW — directly under hero)

Component: Thin horizontal bar, 4 icon+stat pairs, single row on desktop, 2x2 grid on mobile.

Icon	Stat	Label
✓	Certified	Trained & certified artists
	Sanitised	Single-use tools, opened at your door
	100%	At-home service across Ahmedabad
	4.8+	Rated by real clients

(Swap in real numbers once client confirms — e.g. "500+ appointments completed" is stronger than "100%" if true.)

4. Offer Banner (NEW — conversion driver)

Component: Full-width colored strip, single line, dismissible or persistent — placed right after trust strip so it's seen early but doesn't compete with hero.

- **Copy (example):** ✨ First booking this week? Get a free chrome finish upgrade on any gel set. → Claim on WhatsApp
- Keep it time-anchored ("this week") not evergreen — evergreen discounts stop reading as offers.
- Confirm actual offer with client before finalizing copy.

5. Why At-Home (differentiation — comparison table)

Component: Two-column comparison card, "Traditional Salon" vs "BookMyNail," already validated as strong — keep structure, tighten copy.

- **Section eyebrow:** The difference
- **Headline:** Luxury isn't a location. It's the experience.
- **Body:** Getting beautiful nails shouldn't mean travelling across the city, waiting in a crowded salon, or bending your day around someone else's schedule. So we bring the studio to you.

Traditional Salon

BookMyNail

You travel across the city and park The artist comes to your door

You wait for a chair to open up Your appointment starts on time

Your slot fits their schedule You choose the day and hour

Shared tools, shared space Sanitised kit, opened in front of you

6. Services & Pricing

Component: Accordion/expandable cards, one per service, price + duration visible collapsed, details expand on tap. Add a "Most booked" tag badge on one card.

- **Section eyebrow:** Services & pricing
- **Headline:** Four services. One doorstep.
- **Subhead:** Prices are per appointment for one person, travel within Ahmedabad included.

Service	Duration	Price	Tag
Gel Manicure	1 hr	₹899	—

Service	Duration	Price	Tag
Builder Gel (BIAB)	1 hr 30 min	₹1,499	—
Gel Extensions	2 hr	₹2,499	Most booked
Custom Nail Art	2 hr 30 min	₹3,999	Bridal favourite

Keep existing add-on list (gel removal, chrome finish, per-nail art, pedicure, repair, second-person discount) — transparent pricing is a real differentiator in this market; most competitors hide price behind "contact for rate."

7. Hygiene & Process Proof (NEW — the core gap-filler)

This is the single most important new section. Nobody researched in this market shows their sanitisation process visually. This section exists to answer the unspoken hesitation: *"is it actually safe to let a stranger do this in my home?"*

Component: Split layout — short video/photo sequence (kit unsealing, sanitising, workstation setup) on one side, 3-step trust copy on the other.

- **Section eyebrow:** Hygiene, on camera
- **Headline:** Every kit, opened in front of you.
- **Body:** Before we touch a single nail, your artist unseals sanitised tools, lays out single-use files, and sets up a clean workstation — all where you can see it. Nothing pre-opened, nothing shared between clients.
- **3-point list:**
 1. Single-use files and buffers, every appointment
 2. Tools sanitised and sealed until they reach your home
 3. Clean workstation set up before we begin

(Needs real photo/video from the client — this is worth prioritizing in the content request over almost anything else.)

8. Portfolio Gallery

Component: Filterable masonry/grid gallery — filter tabs above grid: All / Chrome / Bridal / French / Extensions / Aura.

- **Section eyebrow:** Recent work
 - **Headline:** Sets we've done this month.
 - Keep caption style: *"Chrome mirror · Extensions"* — short, styled, consistent.
 - **CTA below grid:** Full portfolio →
-

9. How It Works

Component: 4-step horizontal (desktop) / vertical (mobile) numbered flow, icon per step.

- **Section eyebrow:** How it works
 - **Headline:** Four steps from message to manicure.
 - 1. **Confirm the slot** — We check the artist's calendar, confirm your time and share the final price before anything is booked.
 - 2. **We come to you** — Your artist arrives with a full kit and sets up a clean workstation wherever you're comfortable.
 - 3. **Aftercare, then repeat** — We pack up, leave your space as we found it, and send aftercare notes plus a reminder for your infill.
-

10. Testimonials

Component: Carousel or 3-card static row, name + area under each quote (already doing this — keep it, it's a strong local-trust signal).

- **Section eyebrow:** In their words
 - Keep existing 3 testimonials (Riya M. · Bodakdev, Anjali P. · Satellite, Shreya D. · Prahlad Nagar) — real areas of Ahmedabad reinforce hyper-local trust.
 - If client can supply Google review screenshots, embed 1–2 as visual proof alongside text quotes.
-

11. FAQ (NEW — objection handling + SEO)

Component: Accordion list, 6–8 questions, collapsed by default.

Suggested questions:

1. Is it safe to have a nail artist come to my home?
2. What should I keep ready before the artist arrives?
3. Can I book for a group (bridal party, birthday, kitty party)?
4. What's your cancellation/rescheduling policy?
5. How does the bridal trial session work?
6. Do you serve areas outside central Ahmedabad?
7. What if I need a repair between appointments?
8. How do I pay — online or on the day?

(Answers should be drafted once client confirms actual policies — don't publish placeholder policy text.)

12. Instagram / Social Proof Feed

Component: Embedded Instagram grid (6–9 recent posts) or a styled static grid linking out, placed after FAQ so it acts as a final visual reassurance before the closing CTA.

- **Section eyebrow:** Follow along
- **Headline:** More sets, more often, on Instagram.

13. Final CTA / Booking Section

Component: Keep existing 3-column info block (Service area / Appointment hours / Get in touch) + WhatsApp and Instagram buttons. Add a persistent floating WhatsApp button across the entire site (bottom-right, mobile-first) — most competitors rely on a single header/footer link only.

- **Headline:** Book your slot in one message.
- Service area: Ahmedabad and nearby areas — travel included in every price
- Appointment hours: Every day, 9:00 AM – 9:00 PM — same-day slots when available
- Get in touch: Tell us the service, your area and a date. We reply with a slot and the final price.

14. Footer

Standard: logo, tagline, nav links, Instagram, copyright.

Open items before content finalization

- Confirm real numbers for trust strip (appointments completed, rating, years active)
- Confirm actual current offer/discount for the offer banner
- Get hygiene process photos/video — highest priority content ask, this section does the most differentiation work
- Confirm FAQ policy answers (cancellation, payment, service radius)
- Confirm if "only home-service nail specialist in Ahmedabad" claim is defensible for hero/marketing copy
